

Attending a Summer Camp

Summer camp is a place where I can go to have fun and stay busy during the summer.

There are many different types of summer camps.

Most camps have outdoor activities, group activities, arts and crafts, and free time.

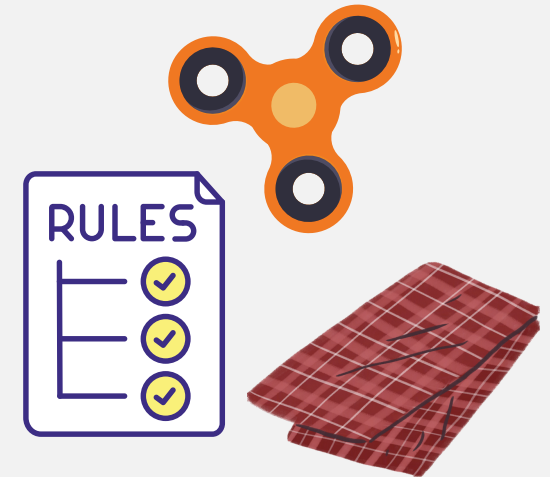

I can learn about my camp before it starts by talking to my family or reading about it.

I might pack things like a water bottle, lunch, and sunscreen to take to camp.

I may want to bring comfort or sensory items. I should check the camp rules to make sure it is allowed.

Attending a Summer Camp

I will leave my toys and screens at home.

Someone will drop me off when camp starts and pick me up when it ends.

There will be other campers and staff who can help me.

I can wear comfortable clothes and shoes.

If I need help or a break at camp, I can talk to a camp counselor.

I will follow the camp rules, join the activities, and do my best.
