

## REOPENING AFTER COVID-19

Dr. Rafat Omar, Psy D, ASERT Central Region

This webinar explains the Red, Yellow and Green phases that have been put in place for counties across Pennsylvania. You will learn why these phases are important and how the prevalence of COVID-19 impacts which phase a county is in. This webinar also explains when you can anticipate the phases to change and what types of activities are permitted in each phase.

- <https://www.health.pa.gov/topics/disease/coronavirus/Pages/Coronavirus.aspx>
- Your local news for information on your county

### KEY TAKEAWAYS

- Phases are in place to help keep the community safe
- The Red Phase is the most restrictive, including Stay at Home orders
- The Yellow Phase indicates progress but still has restrictions in place
- The Green Phase is the least restrictive and allows all locations to open, but still with some restrictions
